Dear Xuan,

Congratulations on your outstanding academic performance during the Fall 2013 semester. Each semester the college Dean recognizes superior scholarship by including on their Dean's List those students who earn a 3.5 G.P.A. or better on 12 or more graded units the preceding semester.

We are pleased to recognize officially this achievement by placing you on the Dean's Honor List of the College of Business. This is truly a high mark of distinction and one of which you may be justifiably proud.

Your accomplishments represent an important contribution to the life of this college and to the intellectual climate of the campus. The College of Business faculty and I extend our best wishes to you and encourage you to continue your pursuit of excellence in future academic, professional, and personal endeavors.

We're enclosing your certificate and congratulations again.
